

Bellevue Rock Club

Meeting Minutes

February 5, 2013 7:00—9:00 p.m.

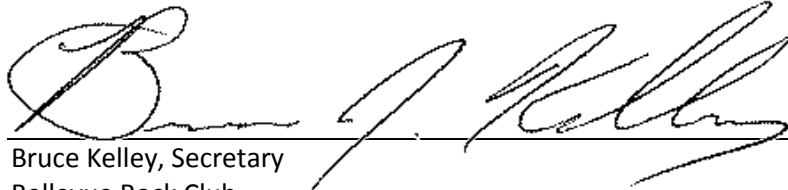

New Business

- Kalama may be opening again in the near future. We'll plan a club trip when it does.
- Dave Scott will be leading his yearly trip to Utah, starting July 20 for 10-14 days. You can camp or stay in motels. Lots of agate, topaz and other great rocks to find.
- The March meeting will be upstairs and the rock of the month will be Azurite.
- Char Jorgensen and Virginia Hamilton are ill and we will send flowers from the club. Get well soon, friends!

Program

- Our program was the first "Member Mingle." Members brought samples of their rock work and play to share and demonstrate. We all got a chance to investigate the wares close-up and discuss their interests in depth. There were at least a dozen members sharing and a number of surprises!

Approval:

Bruce Kelley, Secretary
