

Bellevue Rock Club

Meeting Minutes

January 7, 2014 7:00—9:00 p.m.

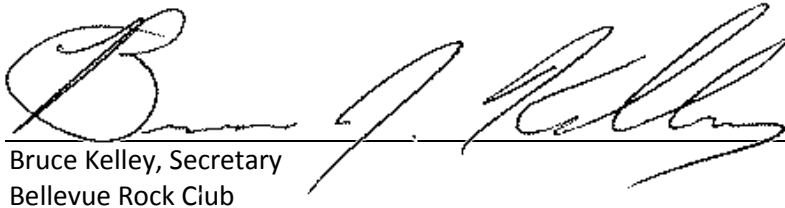

New Business

- Treasury:
Federation and Mineral Council dues are coming up.
Insurance is due soon.
- Field Trip Report
 - BruceH: Haven't heard back from Denny lately.
- BruceH is spending a lot on tumbling and cutting for the club. Approximately \$206/year for electricity alone. He also needs to replace tumbling barrels and expand capability. A motion was made to reimburse and was amended to cover other club-related extras like water, gas, etc., \$300 total for past expense. The motion passed. BruceH will put together a bill for expenses related to picking up collections for the club.
- JackieH has a number of rock-related VHS videos to give away.

Program

- We had many bragging rocks including
 - Martin French: Kalama carnelian
 - Pat Barton: A beautiful carved peridotite platter
 - Bill Stevenson: Feldspar, Buchanon Ranch geode and Dry Head agate
 - Bruce Kelley: Micro-mineral photos
- Door prizes and a silent auction
- We watched a video from the 2012 Rochester Mineralogical Symposium titled "Mines & Mineral Collecting in Cornwall, England by Dr. Woodrow Thompson.
